

Audi – Season Of Audi – Dec 2010

It's the Season Of Audi Event at the largest Audi dealership - Audi Coral Springs and Audi Lighthouse Point.

Some think the merits of the Audi A4 Premium are so apparent there's no need to remind people of them.

That it's not necessary to say that you can lease a 2011 Audi A4 Premium for \$329 a month with nothing down and get an automatic with leather, sunroof, and plenty of options.

What more needs to be said other than \$329 a month puts you in an A4 for 42 months at 10,000 miles a year with inception due at start?

That's why this message is devoted to less obvious attributes of Audi Coral Springs and Audi Lighthouse Point.

For example, they have the largest service facility and Audi loaner fleet in South Florida.

There's an onsite cafe with wi-fi for customers.

They also have a 24 hour service hotline and roadside service assistance.

Or how about the fact that Audi Coral Springs and Audi Lighthouse Point will make your 1st payment on a new or certified pre-owned Audi from now through January 4th?

So go ahead. Click AudiCoralSprings.com or AudiLighthousePoint.com to hop in an Audi A4 Premium for \$329 a month.
